### Answers:

This soul is an artist, a humourist and an entertainer — we can see this from the Vegan group to which the soul belongs, along with the archetypes. This soul brings a sense of humour and fun to her work.

The underlying message behind these gifts is healing. This soul may entertain and bring lightness to others, with the outcome of healing.

The ideal career for this soul might be an entertaining talk-show host who talks about emotional or social issues with the outcome of helping guests and viewers to heal. They will bring an emotional sensitivity and a soothing quality to their work. Ellen DeGeneres, the comedian, actress and TV show host is an example of someone whose soul profile might look something like this. By 'coming out' live on television, she helped to heal negative feelings about homosexuality within the general public, along with raising awareness of lesbian, gay, bisexual and transgender (LGBT) issues in society. And she uses humour, fun and entertainment to convey her message.
